WHY TRAIN AT RSC?

SERVICE SPEED | EXPERTISE | RELATIONSHIPS

AWARD WINNING + NATIONALLY RECOGNIZED INSTRUCTORS

RSC Instructors are NATE or AHRI Certified

NICK ESPOSITO

VALLEY VIEW

Nick has 8 years of experience as a service technician and field trainer. He is NATE certified in multiple specialties and holds several certificates from the Refrigeration Service Engineers Society (RSES). Nick is currently the Manager of Tech Support and Training at RSC.

RICK ROGERS

COLUMBUS

Rick has 21 years of field experience. He graduated from Columbus State, and is RSC's Service Manager for Central Ohio. He is NATE Certified in multiple specialties.

GABE MARSI

VALLEY VIEW

Gabe has 33 years experience in the HVAC field as a Technician, Service Manager, Training Instructor and Field Supervisor. He is a graduate of US Naval Engineering and is currently a Commercial Tech Support Manager for RSC in Northeast Ohio.

EXTENSIVE CURRICULUM

- Weekly classes with individual topics
- 12-week semester long programs

2018 TOP GREAT LAKES
REGION CERTIFIER OF
NATE TECHNICIANS
BY NATE & HARDI**

SPRING SEMESTER COURSE

SPRING PRO-CERT HVAC TECHNOLOGY PROGRAM

A completely redesigned and restructured Residential HVAC Technology Program!

**IN ORDER TO RECEIVE NATE CHP-5 CERTIFICATION
TECHNICIANS MUST TAKE BOTH FALL AND SPRING OFFERINGS OF THIS CLASS.**

Our new HVAC technology offerings are two, 12-week sessions that cover concepts and skills that the successful HVAC technician in our industry will need to master. These completely redesigned classes happen over two, 12-week sessions - One just held in Fall 2022 and one this Spring 2023.

During these sessions, over a course of 24 weeks, students will have the opportunity to qualify for NATE CHP-5 Certification.

A Nate CHP-5 Certification is the same as the traditional NATE certification, except instead of taking one large test, they are spread over 5 smaller exams covering 5 areas of study:

1. HVAC Fundamentals
2. Electrical and Controls
3. Comfort and Airflow
4. Installation
5. Service

This completely new class will offer the motivated technician a more accelerated pathway to NATE certification. NATE certification has become the current standard of excellence recognized by both HVAC manufacturers, consumers, and industry professionals. NATE CHP-5 certification is a full NATE certification, taken through a different, more accessible pathway to the technician who is still growing their skill level.

Investment: \$1,525

This course qualifies for 36 CFAD Distributor Training Hours with 12-week attendance

STATE & NATE HOURS NOT APPLICABLE

This class is intensive, and will have various hands on elements in our labs, regular classroom lectures, as well as individual homework / study requirements in order to be successful.

COLUMBUS

FEBRUARY 6th - MAY 8th 2023

12 WEEK CLASS

MONDAY EVENINGS | 4:30 PM - 7:30 PM
